

INTERX[®]

Safe and effective drug-free pain treatment is here.

Treat your Pain.

- ✓ Severe, chronic pain
- ✓ Post-surgical pain
- ✓ Post traumatic pain

Treat your Symptoms.

- ✓ Improve function
- ✓ Improve your quality of life

Drug-free Alternative.

- ✓ No negative side effects
- ✓ No risk of opioid addiction

InterX Technologies brings you a patented *InterX non-invasive interactive neurostimulation (NIN)* system. InterX Class II Medical Devices are FDA cleared for **symptomatic relief** and management of **chronic, intractable pain** as well as adjunctive treatment in the management of **post-surgical** and **post-traumatic pain**.

Justification for prescribing InterX[®] can include:

- ✓ Previous modalities ineffective or not suitable
- ✓ Injections ineffective or not suitable
- ✓ Patient has substance or opioid abuse issues
- ✓ Patient experiencing harmful side effects from other medications or treatments

InterX[®] Non-invasive Interactive Neurostimulation (NIN) Treatment is:

- ✓ Non-invasive, safe and effective
- ✓ Interactive wave form targets low skin impedance points providing comfortable, pain free treatment
- ✓ Non-accommodating patient specific therapy
- ✓ High amplitude / high density neurostimulation for endogenous opioid and neuropeptide release
- ✓ Light, portable pain treatment
- ✓ Safe over metal implants
- ✓ See contraindications and warnings @ interx.com
